EMAIL: nffc@futurenet.co.za

ANNUAL GENERAL MEETING : 3 September 2014

Approximately 180 people came together on Wednesday night to hear feedback on security matters and to enjoy drinks and snacks with their neighbours.

Judging from feedback it was a good evening!

My reflection after the gathering is that we have a fantastic community, we have a great suburb – close to town but out of town with much beauty both natural and developed as well as amazing fauna and flora and we therefore have much to protect!!

Attached is a transcript of last night's report back to residents.

Summary :

A number of new community initiatives have taken shape or are taking shape. These include :

- Neighbourhood patrols by residents
- Erection of fence below Villiers Dr city outlook
- Placing of signage at access points to the suburb
- Implementation of camera surveillance starting with Roberts/Taunton intersection

There are other initiatives in the offing:

- More fencing
- Expansion of camera project
- Community website
- New patrol/guarding program
- Joining forces with Clarendon Ridge and Clarendon West to improve economies of scale.

Ongoing initiatives :

- Representation on Townhill Community Policing Forum
- Bobbies on the Beat (subject to change)
- Keep Clarendon beautiful

The community association is not just about Bobbies on the Beat! We will do whatever it takes to promote “zero tolerance to crime”.

We need more members to make more of an impact! We need you – please join!!

See sign up form attached.

Regards

Rob Evans
